

# Audit Logs

Infoport allows you to log changes in the Enterprise Architect database: • changes in Infoport permissions • user logins/ logouts • HTTP status codes from the server We call these Logs Audit and we save it in .csv files.

- [Saving a record from Audit Logs](#)

# Audit Logs - activation

The portal administrator must go to the Configuration Manager and set up the box for the logs he wants to activate. Save the settings and restart Infoport.

The screenshot shows the Configuration Manager interface for Serilog. The page is titled "Serilog" and has a "Settings Section" link. Below the title, there are four configuration fields: "LogPath" (set to "logs"), "Log Type" (set to "Information"), "Service Log Write To" (set to "Both"), and "RollingInterval" (set to "Day"). Below these fields, there are four radio button options for auditing: "Audit for login/logout" (selected), "Audit for Enterprise Archited Database modifications", "Audit for HTTP status codes", and "Audit for Infoport permissions". A red box highlights the "Audit for login/logout" option. At the bottom left, there is a green "Submit" button.

# Saving a record from Audit Logs

We save the record from Audit Logs in .csv files.

You can find these new logs on disk in the Infoport folder "\\EaInfoportT3\audit\".

A screenshot of a web interface titled "Audit overview of csv files". It displays a table with four columns: "File path", "Name", "Date of creation", and "Last write time". The table contains one row of data. Below the table, it says "Showing 1 to 1 of 1 items". On the right side, there are some small icons and a green status indicator.

File path	Name	Date of creation	Last write time
\\EaInfoportT3\audit\audit-2022102113.csv	audit-2022102113.csv	10/21/2022	1:04 PM

The second option is new button that is added next the button Portal Management. It is possible to download a certain log directly from the browser.

The Audit Log is created every hour if one of the listed actions occurs. The name of the audit log always consists of the year, month, day and hour.
