

Changing the Password

In this form, the user has the option to change their password.

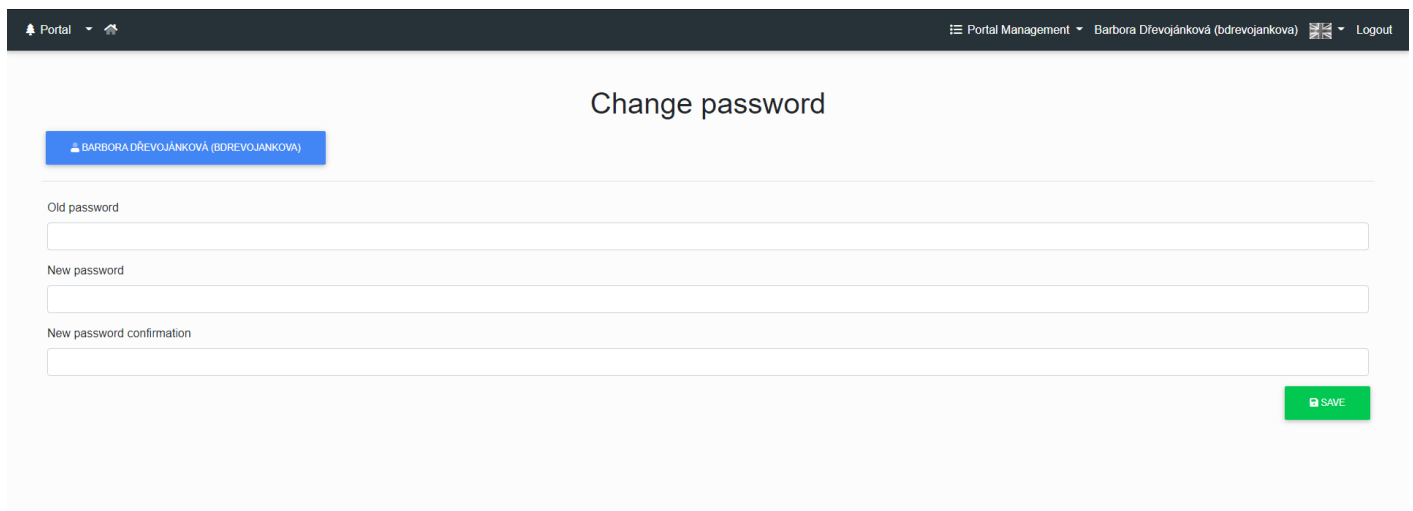

At the moment, there are no enforced rules for the new password, neither for the strength of the password nor for its expiration. If such rules need to be enforced, the portal needs to be connected to LDAP / Active Directory, which allows password rules to be enforced.

To change the password, a user clicks on the “*Change Password*” tab, fills in the old password and then the new one and finally clicks on the “*Save*” button.

The (portal or repository) administrator can also change passwords for other users.

The screenshot shows the user profile page for Barbra Dřevojánková (bdrevojankova). The page has a dark header with navigation links: Alpha_repo, Search, Repository, Views, Publication, Repository Management, Portal Management, Barbra Dřevojánková (bdrevojankova), and Logout. The main content area is titled 'Barbra Dřevojánková (bdrevojankova)'. On the left, there is a blue button labeled 'CHANGE PASSWORD' with a red box around it. Below this, there are input fields for Username (bdrevojankova), Email (barbra.drevojankova@dataprojekt.cz), First name (Barbra), Surname (Dřevojánková), and Department (Dataprojekt s.r.o.). At the bottom left, there is a blue button labeled 'OVERVIEW OF NOTIFICATION SUBSCRIPTIONS'. At the bottom right, there is a green button labeled 'SAVE'.

The screenshot shows the 'Change password' form for Barbra Dřevojánková (bdrevojankova). The page has a dark header with navigation links: Portal, Portal Management, Barbra Dřevojánková (bdrevojankova), and Logout. The main content area is titled 'Change password'. On the left, there is a blue button labeled 'BARBRA DŘEVOJÁNKOVÁ (BDREVOJANKOVA)'. Below this, there are three input fields: 'Old password', 'New password', and 'New password confirmation'. At the bottom right, there is a green button labeled 'SAVE'.
