

Copy URL

A user can copy a URL and send it to a colleague.

The colleague will only be able to view this URL if he/she **is logged in**; otherwise, he will be directed to the login screen.

This functionality is available in the context menu under the symbol 

The screenshot displays the EA Test application interface. On the left is the 'Repository Browser' showing a tree of artefacts. The main area displays the 'EA 15 Examples' artefact, which includes a grid of 12 smaller artefacts and a 'Notes' section. The 'Notes' section contains a table with metadata for the 'EA 15 Examples' artefact.

Name	Type	Stereotype	MDG Technology
EA 15 Examples	Class		
Author	Created	Modified	Version
Pat Taylor	4/3/2019 1:39:24 PM	5/5/2022 1:35:18 PM	1.0
GUID	ID	Theme	
(A18C6E84-5B6A-4a2d-A531-DFD5CAD10894)	965		

At the bottom of the interface, there is a 'Discussion' section with a button to 'Add a thread' and a button to 'Show closed threads'.

After clicking on the “Copy URL” icon, a pop-up chart will appear where the user can get the URL of the relevant artefact.

After clicking on the “Copy” button, the user saves the URL to the clipboard.

An identical method is to select the entire line with CTRL+A and copy it to the clipboard with CTRL+C.

Then just paste the URL in the appropriate place.
