

Creating a Glossary

To create a glossary, a user must be assigned the "*Portal Administrator, Repository Administrator, or Glossary Editor*" permission.

Term	Type	Meaning	
ACME	Technical	The Automatic Certificate Management Environment	EDIT DELETE
Test	Testovací	Testovací test	EDIT DELETE

After clicking on the "Create" button, the user is redirected to the "Create Glossary" table. The table can be filled with the term, type and meaning.

Term

Type

Meaning

< BACK

CREATE

To create a new type, the user clicks on the "New Type" button. After displaying the table and filling in the type, the user clicks on the "Save" button.

Create new type for glossary

Type

Information

< BACK

SAVE

After saving, the user is redirected back to the table to create the glossary, where they can see the newly created type by clicking the arrow next to the type.
