

Creating a new user in the portal

To create a new user, the portal administrator clicks the "Create" button in the User List.

The following dialog is displayed to the portal administrator.

A screenshot of a web application interface titled "Create a User". At the top, there is a dark navigation bar with "Portal" on the left and "Portal Management", "Barbora Dřevojánková (bdřevojankova)", and "Logout" on the right. The main content area contains a form with the following fields: Username (filled with "liška"), Email (filled with "liška@dataprojekt.cz"), First name (filled with "Ladislav"), Surname (filled with "Liška"), Department (filled with "IT"), and Password (filled with "*****"). A red rectangular box highlights the Username, Email, First name, Surname, Department, and Password fields. At the bottom left of the form is a "← BACK" button, and at the bottom right is a green "CREATE" button with a plus icon, highlighted with a red rectangular border.

After filling in the details, the portal administrator clicks on the "Create" button, then the administrator will see the message "Successfully created".
