

Detail elementu / package / diagramu

This is the largest part of the screen, containing the detail of the item (diagram, element, package and others) that is currently selected in the tree. The exact information varies depending on which element is selected in the tree.

If a diagram is selected, then the diagram itself is displayed at the top and the diagram details below it.

If an element (package and others) is selected, then the information about the selected element is displayed directly.

A detailed description of the diagram/element details is given below.

The screenshot shows the EA 15 Examples interface. On the left is the Repository Browser with a tree view. The main content area displays a grid of icons representing various features. Below the grid is a details panel for the selected element, 'EA 15 Examples'.

EA 15 Examples

The links below will take you to examples of features that have been introduced in Enterprise Architect version 15.

Notes

Name	Type	Stereotype	MDG Technology
EA 15 Examples	Class		
Author	Created	Modified	Version
Pat Taylor	4/3/2019 1:39:24 PM	5/5/2022 1:35:18 PM	1.0
GUID	ID	Theme	
(A18C6E84-5B6A-4a2d-A531-DFD5CAD10894)	965
