

EA Path search

If the user chooses to search by PATH, the element located on the specified path is searched.

Simple Advanced search **EA Path search** GUID search Diagram search

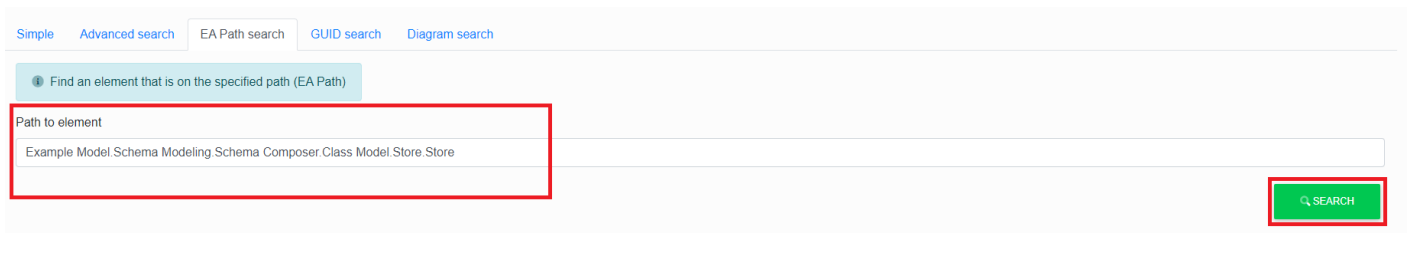

Find an element that is on the specified path (EA Path)

Path to element

Example Model.Schema Modeling.Schema Composer.Class Model.Store.Store

SEARCH

In the "*Path to element*" field the user types or pastes the copied ea path (*it is a sequence of packages and elements separated by a dot*) and clicks on the "Search" button.

Simple Advanced search EA Path search GUID search Diagram search

Find an element that is on the specified path (EA Path)

Path to element

Example Model.Schema Modeling.Schema Composer.Class Model.Store.Store

SEARCH

The "Search" button redirects the user to the element. The right part shows the artifact detail and the left part shows the artifact marked in the tree.
