

# Edit a Group

We have selected the yellow **“Edit”** button in the List of Users.

Now we can edit the selected group and also click through on **“assign users”** to the group, **“assign permissions”** to the group and **“delete a group”** from the repository.

### Edit group

[USERS](#) [PERMISSIONS](#) [DELETE](#)

Group Name

Group Description

[← BACK](#) [SAVE](#)

After correctly filling in and clicking on the save button, the group data will be saved.

Revision #3
