

Forced Refresh

Forced refresh is actually “*Refresh*” and is used if a change has been made to an artefact and has not been applied to EaInfoportT3.

For example, if a user has a diagram open in EaInfoportT3 and changes it in some way in Enterprise Architect. Thus, after clicking on the forced refresh icon, these changes will be immediately applied to EaInfoportT3.

The functionality is available in the context menu under the symbol 

Repository Browser

After clicking on the “*Forced refresh*” icon, the changes of the artefact in EaInfoportT3 compared to Enterprise Architect will be applied.

The diagram shows that the note has been removed.
