

Forced Refresh

Forced refresh is actually “*Refresh*” and is used if a change has been made to an artefact and has not been applied to EaInfoportT3.

For example, if a user has a diagram open in EaInfoportT3 and changes it in some way in Enterprise Architect. Thus, after clicking on the forced refresh icon, these changes will be immediately applied to EaInfoportT3.

The functionality is available in the context menu under the symbol 

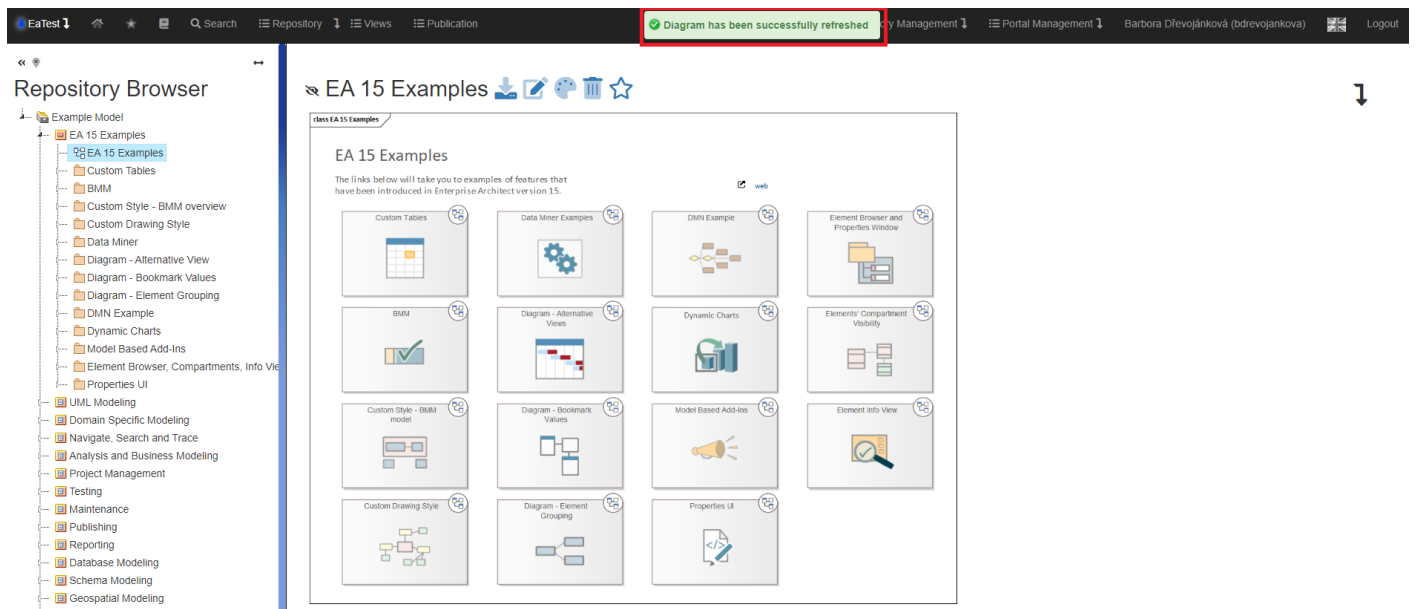

The screenshot shows the Enterprise Architect software interface. On the left, the 'Repository Browser' displays a tree view of the 'Example Model' structure, with 'EA 15 Examples' selected. The main workspace shows the 'EA 15 Examples' diagram, which contains a grid of icons representing various features. A context menu is open over the diagram, and the 'Forced refresh' icon (a circular arrow) is highlighted with a red box. The interface includes a top menu bar, a left sidebar, and a bottom status bar.

Name	Type	Stereotype	MDG Technology
EA 15 Examples	Class		

Author	Created	Modified	Version
Pat Taylor	4/3/2019 1:39:24 PM	5/5/2022 1:35:18 PM	1.0

GUID	ID	Theme
{A18C6E84-5B6A-4a2d-A531-DFD5CAD10894}	965	

After clicking on the “*Forced refresh*” icon, the changes of the artefact in EaInfoportT3 compared to Enterprise Architect will be applied.

The diagram shows that the note has been removed.
