

Forced Refresh

Forced refresh is actually “Refresh” and is used if a change has been made to an artefact and has not been applied to EaInfoportT3.

For example, if a user has a diagram open in EaInfoportT3 and changes it in some way in Enterprise Architect. Thus, after clicking on the forced refresh icon, these changes will be immediately applied to EaInfoportT3.

The functionality is available in the context menu under the symbol 

The screenshot shows the EaInfoportT3 interface. On the left is the Repository Browser with a tree view of the Example Model. The main area displays the details for the class 'EA 15 Examples'. Below the class details is a 'Notes' section with a table of metadata. At the bottom, there is a 'Discussion' section with buttons for 'Add a thread' and 'Show closed threads'. The context menu is open on the right side of the interface, and the Refresh icon is highlighted with a red box.

Name	Type	Stereotype	MDGTechnology
EA 15 Examples	Class		

Author	Created	Modified	Version
Pat Taylor	4/3/2019 1:39:24 PM	5/5/2022 1:35:18 PM	1.0

GUID	ID	Theme
{A18C6E84-5B6A-4a2d-A531-DFD5CAD10894}	965	

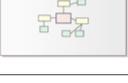

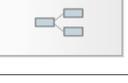

After clicking on the “Forced refresh” icon, the changes of the artefact in EaInfoportT3 compared to Enterprise Architect will be applied.
