

# List of public diagrams

Access diagrams are available by clicking on the arrow next to the "Repository" tab and in the subsequently expanded "List of public diagrams" submenu.

Whenever the user uses the "URL for public diagram" option, the key of this URL is saved in the "List of public diagrams".

If the user no longer wants to be able to access the corresponding URL without a password, he has the option to remove the key here.

The screenshot shows the Repository Browser interface. The top navigation bar includes tabs for Repository, Views, and Publication. The 'Repository' tab is active, and the 'List of public diagrams' option is highlighted in the submenu. Below the navigation bar, the 'Access Diagrams' section is displayed, featuring a table with three columns: EA Guid, Artefact name, and Creation date. The table contains three entries, each with a checkbox for removal. A 'Remove' button is located at the bottom left of the table, and a 'Showing 1 to 3 of 3 entries' indicator is at the bottom left. A 'Show 10 entries' button is at the bottom right.

EA Guid	Artefact name	Creation date
<input type="checkbox"/> [CAC6FB98-6780-41fc-89E2-126CB0ED0B22]	<a href="#">Relationships window - screen shot</a>	11:31:56 2024-07-03
<input type="checkbox"/> [1AA903A0-2670-499a-9366-A2594A54DE5B]	<a href="#">Traceability</a>	11:31:48 2024-07-03
<input type="checkbox"/> [78D489BF-403C-4883-A7B7-87DDFE397F8B]	<a href="#">Getting Started</a>	11:31:35 2024-07-03
