

# List of public diagrams

Access diagrams are available by clicking on the arrow next to the "Repository" tab and in the subsequently expanded "List of public diagrams" submenu.

Whenever the user uses the "URL for public diagram" option, the key of this URL is saved in the "List of public diagrams".

If the user no longer wants to be able to access the corresponding URL without a password, he has the option to remove the key here.

The screenshot shows the Repository Browser interface. The top navigation bar includes 'Repository' and 'List of public diagrams' (highlighted with a red box). Below the navigation bar, the 'Access Diagrams' section is visible, featuring a table with columns for 'EA Guid', 'Artefact name', and 'Creation date'. The table contains three entries, each with a checkbox and a 'Remove' button. The 'EA Guid' column contains GUIDs, the 'Artefact name' column contains links like 'Relationships window - screen shot', and the 'Creation date' column contains timestamps.

EA Guid	Artefact name	Creation date
<input type="checkbox"/> [CAC6FB98-6780-41fc-89E2-126CB0ED0B22]	<a href="#">Relationships window - screen shot</a>	11:31:56 2024-07-03
<input type="checkbox"/> [1AA903A0-2670-499a-9366-A2594A54DE5B]	<a href="#">Traceability</a>	11:31:48 2024-07-03
<input type="checkbox"/> [78D489BF-403C-4883-A7B7-87DDFE397F8B]	<a href="#">Getting Started</a>	11:31:35 2024-07-03
