Repository Detail

If we have selected “***repository detail***”, we can edit the repository.
We can change its name, description and colour.
These changes are mostly important if you use the “***Multiple Repositories***” function or as an Infoport manager.

After clicking the "*Save*" button, the changes will be saved.

Revision #2
Created 23 May 2022 11:05:43
Updated 8 February 2024 09:29:44 by Karolína Kavanová
