

Repository Detail

If we have selected “**repository detail**”, we can edit the repository.

We can change its name, description and colour.

These changes are mostly important if you use the “**Multiple Repositories**” function or as an Infoport manager.

Edit repository

Repository name

Repository notes

Repository color

After clicking the "Save" button, the changes will be saved.

Revision #2

Created 23 May 2022 11:05:43

Updated 8 February 2024 09:29:44 by Karolína Kavanová
