

Slider between the Repository Tree and the Detail

The slider allows you to expand the width of the repository tree.

The screenshot shows the Enterprise Architect (EaTest) interface. On the left is the 'Repository Browser' panel, which contains a tree view of the 'Example Model'. The 'EA 15 Examples' folder is selected. A red box highlights a slider control located between the Repository Browser and the main detail view. The main detail view displays 'EA 15 Examples' with a grid of 12 icons representing various features. Below the grid is a 'Notes' section with a table of metadata.

Name	Type	Stereotype	MDG Technology
EA 15 Examples	Class		
Author	Created	Modified	Version
Pat Taylor	4/3/2019 1:39:24 PM	5/5/2022 1:35:18 PM	1.0
GUID	ID	Theme	
{A18C6E84-5B6A-4a2d-A531-DFD5CAD10894}	965		

Below the table is a 'Discussion' section with a text area and buttons for 'Add a thread' and 'Show closed threads'. A note at the bottom states: 'More detailed control of discussions (editing, deleting, ...) is performed using the context menu'.
