

# Tree Repository

The repository tree has similar functionality to the browser (repository browser) of the Enterprise Architect tool.

It contains the physical structure of the repository in the form of a clickable tree.

The screenshot displays the Enterprise Architect tool interface. On the left, the 'Repository Browser' tree is visible, showing a hierarchy of models and examples. The main area displays the 'EA 15 Examples' class details, including a grid of example icons and a table of metadata.

**Repository Browser Tree:**
