

Tree Repository

The repository tree has similar functionality to the browser (repository browser) of the Enterprise Architect tool.

It contains the physical structure of the repository in the form of a clickable tree.

The screenshot displays the Enterprise Architect tool interface. On the left, the 'Repository Browser' is visible, showing a tree structure of the repository. The main area displays the 'EA 15 Examples' class details. The class is titled 'EA 15 Examples' and is a 'Class' type. It includes a grid of 12 example icons, each with a title and a description. Below the grid, there is a 'Notes' section with a table of metadata. The table has columns for Name, Type, Stereotype, MDG Technology, Author, Created, Modified, Version, GUID, ID, and Theme. The 'EA 15 Examples' class is listed with its metadata. At the bottom, there is a 'Discussion' section with a button to 'Add a thread' and a button to 'Show closed threads'.

Name	Type	Stereotype	MDG Technology
EA 15 Examples	Class		

Author	Created	Modified	Version
Pat Taylor	4/3/2019 1:39:24 PM	5/5/2022 1:35:18 PM	1.0

GUID	ID	Theme
{A18C6E84-5B6A-4a2d-A531-DFD5CAD10894}	965	

Revision #2
