

## 2.2. Skrývání stromečku repozitáře

The screenshot shows the 'Composite diagram' details page. The left sidebar contains a tree view of the repository structure. A red arrow points to the '«' button, which is used to collapse the tree. The main content area displays the details of the 'Composite diagram' package, including its name, type, status, and creation/modification dates. Below this, there are tabs for 'Constrainty', 'Požadavky', 'Soubory', 'Tagované hodnoty', 'Vazby', 'Oprávnění', and 'Diskuze'. The 'Oprávnění' tab is currently selected, showing a table with columns for Name, Notes, and Type. The table is currently empty, displaying 'Nenalezena data pro tabulku'.

Zobrazení diagramu po skrytí stromečku repozitáře.

The screenshot shows the 'Composite diagram' details page. The left sidebar contains a tree view of the repository structure. A red arrow points to the '»' button, which is used to expand the tree. The main content area displays the details of the 'Composite diagram' package, including its name, type, status, and creation/modification dates. Below this, there are tabs for 'Constrainty', 'Požadavky', 'Soubory', 'Tagované hodnoty', 'Vazby', 'Oprávnění', and 'Diskuze'. The 'Oprávnění' tab is currently selected, showing a table with columns for Name, Notes, and Type. The table is currently empty, displaying 'Nenalezena data pro tabulku'.
