

## 2.5.7.2. Oddálení

Funkcionalita je dostupná v kontextovém menu pod symbolem

The screenshot shows a software interface with a dark header bar containing navigation links like 'Core', 'Vyhledávání', 'Repozitář', 'Publikace', and 'Oddálit'. The main area is split into two panels. The left panel, titled 'Repozitář', shows a tree view of packages, with 'Package12' selected. The right panel, titled 'Package12', displays a sequence diagram with objects 'Object1', 'Actor1', 'Object3', and 'Actor1'. Below the diagram is a table with metadata:

Název	Typ	Stereotyp	Verze
Package12	Sequence		1.0

Below the table, there are fields for 'Autor' (Administrator), 'Created' (13.06.2019 14:57:26), and 'Modified' (21.08.2019 10:30:42). A 'Poznámka' (Note) section is also present. At the bottom of the right panel, there is a 'Diskuze' (Discussion) button and a search icon (magnifying glass) highlighted with a red arrow. The search icon is located in the bottom right corner of the interface, next to a 'Zobrazit zavřeno' (Show closed) button.

Máme 2 možnosti oddálení diagramu:

- Držením klávesy CTRL + rollováním kolečkem myši
- Kliknutím na ikonku „Oddálit“
