

Stromeček repository

Stromeček repository má obdobnou funkcionalitu, jako browser (repository browser) nástroje Enterprise Architect.

Obsahuje fyzickou strukturu repository ve formě rozklikávacího stromečku.

The screenshot displays the Enterprise Architect (EA) interface. On the left, the 'Repozitář' (Repository Browser) is shown as a tree structure under 'Example Model'. It lists various examples and custom styles, with 'EA 15 Examples' selected. The main area on the right shows the 'EA 15 Examples' project details. It includes a grid of icons representing different examples like 'Custom Tables', 'Data Miner Examples', 'DMN Example', 'Element Browser and Properties Window', 'BMM', 'Diagram - Alternative Views', 'Dynamic Charts', 'Elements Compartment Visibility', 'Custom Style - BMM model', 'Diagram - Bookmark Values', 'Model Based Add-ins', 'Element Info View', 'Custom Drawing Style', 'Diagram - Element Grouping', and 'Properties UI'. Below the grid, there is a 'Poznámka' (Note) section and a table with project metadata.

Below the table, there is a 'Diskuze' (Discussion) section with a button 'Přidat vlákno' (Add thread) and a button 'Zobrazit zavřené vlákna' (Show closed threads). A note at the bottom states: 'Podrobnější ovládání diskuzí (editace, mazání, ...) se provádí pomocí kontextového menu'.
